Mannepalli Ravindra

S/o M. Venkaiah, D. No:4/283, Super Bazar, Proddatur, Kadapa (DT)-516360. Andhra Pradesh (State).
Mobile: 7351221234; Email & INFRACON ID: ravindra.civilengg@gmail.com
PORTFOLIO: https://mannepalliravindra.netlify.app

1. Name of Personnel : **Ravindra Mannepalli**

2. Date of Birth : **10.07.1980**

3. Nationality : **Indian**

4. Experience : 22 Years NHAI Projects.

5. Educational Qualifications:

Education	University	Name of the College	Specialization	Year
Bachelor of Engineering	Andhra University, SDE, Visakhapatnam. Andhra Pradesh.	Andhra University, SDE, Visakhapatnam.	Civil Engineering	2011
Diploma	State Board of Technical Education & Training, Hyderabad. Andhra Pradesh.	Govt. Polytechnic College, Proddatur. Kadapa (DT).	Civil Engineering	2000
SSC	School of Secondary Education, Hyderabad. Andhra Pradesh.	Siddhartha High School, Proddatur. Kadapa (DT).	-	1995

Computer Skills

- MS Office ***(Excel, Word, Power Point etc…).***
- Auto CAD-2004.
- Primavera - ***P6*** Project Management & MSP.
- LAN Administration, Internet Communications.
- Internet Explorer.
- ERP

Major Achievements

BACHALA BALAIAH COMPANY & Roads & Buildings (ECRP) Department.Tirupathi.

- Widening and strengthening of existing roads like WBM Roads, BT Roads, Quality control checking, Levels books maintained and Bills Preparation.

M/S B. SEENAIAH & CO (PROJECTS) LTD

- **KU-IV, contract package, NH-79, Bhilwara - Chittorgarh section in Rajasthan.** Constructed Banas River Bridge 22 spans each 39.5 m length cast in situ PSC Box girders, POT PTFE Bearings, Semi solid circular piers and Counter forts in Abutments, wells and Open foundations type and Anchored Reinforced Earth panels at approaches.

- **KU-IV, contract package, SH-12, Bhilwara - Chittorgarh section in Rajasthan.** Constructed Pur Flyover Bridge 3spans each 25 m length cast in situ PSC Voided slabs, Elastomeric Bearings, Solid circular columns, Open foundations type and Anchored Reinforced Earth panels at approaches. Flyover 1 span lowering 1.8M height with hydraulic Jack System.

  Constructed Slab culverts-05, Pipe syphons-03 No's and precast boxes casting for industrial area drains.

- **BOT Contract package express way from Km 313+500 to 364+700 at NH-8 (Jaipur-Kishangarh section in Rajasthan).** I have assigned in Quality assurance department in this project Documents filing of lab test results and site reports as per NHAI Quality Assurance Manual - Appendix2 and also inspection to the site.

- **TNRSP-01- upgrading of roads from Vriddhachalam to Tiruvarur, Tiruvarur Bypass, Jayankondam to Kumbakonam, Jayankondam to Ariyalur and Ariyalur Bypass.** As on Site Constructed TNRSP-01 Jayankondam to Ariyalur road package structures 20KM of stretch Minor Bridges-02 like Pile foundations & Open foundations, Abutments with Cantilever retaining walls and Pretension Precast PSC Planks for super structures, Box Culverts-09, Slab Culverts-04, Pipe Culverts-37.

  As on-Site Office Structures Department preparing drawings & Bar bending schedules and getting approval for consultants, Letters draught, Monthly Progress Planning & Scheduling, Form work designs preparation and monthly Structures Bill of Quantities preparation and approval to the consultant representatives.

- **Construction of New Four Lane Roads (Road Nos 1, 3, 4, 5, 6, 8 & 9B) (Road Nos 2, 7, 9A, 10, 11, 12) 63km in Naya Raipur Development Area, Chattisgarh.Package No: NRDA-PHASE-1/P1 & P2.** As a senior engineer structure executed Minor bridges, box culverts & pipe culverts.

CONTINENTAL ENGINEERING CORPORATION PVT. LTD

- **Construction of eight lane access controlled Express Way as Outer Ring Road to Hyderabad city (Shamshabad to Gachibowli).**Constructed Precast PSC- I – Girders casting, Stressing and Grouting operations ROB 21 No's of 42m length, fly over Bridges 36 No's of 30m length, POT PTFE bearings fixing and I- girders launching work and also Constructed Flyover cast in situ **voided deck slab**.

KMC CONSTRUCTIONS LTD.

- **Development of Adequate Road Connectivity to Marmugao Port, Goa Project Detail: Four 4 Laning of NH-17B from Km. 13.100 to Km. 18.300 and 4 laning of Baina road at Ravindra bhavan junction from Km 1.240 to Km 1.020 including construction of flyover cum ROB up to Gate No. 9 (Km 0.000) of Marmugao Port, Goa.**
  APM (structures) as coordinating the structural works at Flyover cum ROB. It comprises double cell Box girder (20 no's of 33.15 span), Pile foundations & Substructures including the planning & schedule of the activities and load tests conducting of the project.

GRAFIX ENGINEERING CONSULTANTS PVT.LTD.

- Estimation of quantities & Rate Analysis for working out realistic project cost for 8 projects.

VASISHTA CONSTRUCTIONS PVT LTD.

- **Construction of 360 Span RCC Prestressed Bridge over Kosi River in Ramnagar on BOT Annuity mode, Uttarakhand.**

As the assigned Project Manager for the construction of the Kosi River Bridge in Ramnagar, Uttarakhand, my responsibilities include overseeing the following tasks:

1. Constructing a 360-span RCC prestressed bridge over the Kosi River in Ramnagar. The bridge will be built on a PPP Annuity mode.

2. Installation of 10 spans of precast PSC (Prestressed Concrete) I-Girders, each with a length of 36 meters. The total weight of the girders to be launched using a 100 MT (Metric Ton) capacity launching mechanism.

3. Construction of the superstructure, which involves creating trapezoidal section pier caps and semi-solid circular pier substructures.

4. Implementing well foundations, which will provide a stable base for the bridge piers.

5. Building five box culverts, utilizing a combination of precast and cast-in-situ methods.

6. Construction of two minor bridges, utilizing RCC T-beams and RCC solid slabs for the superstructures.

7. Undertaking Road works associated with the bridge project.

As the Project Manager, I will be responsible for coordinating and supervising these activities, ensuring the timely completion of the project while maintaining quality standards and adhering to safety regulations.

STUP CONSULTANTS PVT LTD.

- **Construction of 6 Lane Two-way Flyover crossing 7 Tombs Junction (Shaikpet), Film Nagar Road Junction OU Colony Junction and Whisper valley junction under Engineering Procurement and Construction (EPC)/ Turnkey Basis.**

- **Construction of 4 lane elevated Corridor from Road No-45 Jubilee hills to Durgama Cheruvu under Engineering Procurement and Construction (EPC)- Turnkey Basis.**

  In my assigned role as a Senior Bridge Engineer cum Project Manager, I will be responsible for overseeing the project "Project Management Consultancy." This project involves providing services for proof checking, construction supervision, quality control, quality assurance, and quality audit.

  The project encompasses the following salient features:

  - Total of 73 spans, including 54 spans of 30m precast PSC girders and 35m to 50m variant steel composite girder spans for the superstructures.
  - Construction of 72 precast trapezoidal section pier caps and 2 abutment caps.
  - Construction of rectangular solid section pier and abutment substructures, totaling 74 in number.
  - Installation of 74 open foundations.
  - Construction of RE panels on the approach road, covering an area of 2860 square meters.
  - Implementation of bituminous and non-bituminous works.
  - Installation of road furniture and painting works.

Key Responsibilities:

- **Project Planning:** Collaborate with the project team to develop a comprehensive project plan, considering the specific requirements and objectives of the flyover construction. This includes identifying key milestones, activities, and deliverables.

- **Coordination and Communication:** Facilitate effective communication and coordination among the project team, subcontractors, and relevant government authorities to ensure smooth project execution.

- **Schedule Management:** Assist in creating and maintaining a detailed project schedule, closely monitoring progress, and making necessary adjustments to ensure the timely completion of the flyover construction.

- **Quality Assurance:** Collaborate with the quality control team to ensure that all construction activities adhere to the defined quality standards and specifications for the flyover construction.

- **Documentation and Reporting:** Maintain accurate project documentation, including project plans, progress reports, change orders, and other relevant records. Prepare regular project status reports for management, highlighting key achievements, challenges, and any deviations from the original plan.

- **Bridge Engineering Expertise:** Utilize your specialized knowledge as a Senior Bridge Engineer to oversee the construction of the flyover's superstructures. This includes monitoring the construction of spans, precast PSC girders, steel composite girders, pier caps, abutment caps, and other related components.

- **Construction Supervision:** Provide on-site supervision and guidance during the construction process, ensuring that all work is executed in accordance with approved plans and specifications.

- **Quality Control and Quality Assurance:** Implement rigorous quality control measures to monitor construction activities, conduct inspections, and ensure strict compliance with quality standards. Conduct quality audits to assess project performance and identify areas for improvement.

- **Road Infrastructure:** Oversee the construction of approach roads, including the installation of various road elements, such as RE panels, bituminous works, non-bituminous works, and road furniture.

- **Safety Compliance:** Ensure strict adherence to health and safety regulations throughout the project, promoting a safe working environment for all project personnel.

- **Bills Certification:** Verify and certify the completion of work milestones and deliverables as per the agreed-upon terms and conditions outlined in the contract. Maintain accurate records of contractor work completion, certifications, and recommendations for GHMC. Prepare necessary documentation and reports to support the billing and certification process.

- **Contract Management**: Effectively manage contracts by overseeing negotiations, drafting agreements, and ensuring compliance with legal and regulatory requirements. Develop and maintain strong relationships with clients and vendors to drive successful outcomes.

MADHUCON PROJECTS LTD.

- **Construction of Widening to Two/four lane with paved shoulder from Km. 180.600 to Km. 223.000 on NH-63 on Nizamabad-Jagadalpur Road on EPC mode under NH (O) in the state of Telangana.**

- **The rehabilitation and upgradation of the Khamgaon-Mehkar-Sultanpur-Lonar-Mantha Vathurphata-Partur Mazalgaon Dharur Kaij Kalamb Barshi-Kuradwadi-Pandharpur Sangola road.** The project involves the construction of a two-lane road with paved shoulders and configuration, spanning from KM 48+375 (Pandharpur) to KM 79+533 (Sangola), as well as an overlay of 3.200 km in Pandharpur. The project will be implemented in the state of Maharashtra on an EPC mode.

- **The NH-3531 upgradation project in Maharashtra, from Wadi to Hingna T point, will be executed by Madhucon Projects Limited, based in Hyderabad. The project is being undertaken in collaboration with the Chief Engineer, NH Division, Public Works Department (PWD), Navi Mumbai, Maharashtra, who serves as the authority overseeing the project.** The upgrade will convert the designated section from Wadi Junction (Existing km. 9+200) to Asola Junction (Existing km. 39+400) into a two-lane road with paved shoulders. The project will be implemented on an Engineering Procurement and Construction (EPC) mode.

- **The Parties involved in the contract are Sharda Constructions and Corporation Private Limited (registered office at Nanded) referred to as the Second Party, and M/s Shree Satya Saibaba Construction (registered office at Latur) referred to as the Third Party. They are collectively referred to as the "Parties."** The contract pertains to the rehabilitation and upgradation of the Ahmedpur Kopra-Kinagaon-Ambejogai-Kaij Manjarsumbha-Patoda-Jamkhed NH 548D (OLD SH 56) road in Maharashtra. The contract was invited by the Authority (Ministry of Road Transport & Highways/National Highways Authority of India) through a Request for Proposal (RFPI) and will be executed under an EPC contract.
- **The Ministry of Road Transport & Highways/National Highways Authority of India, represented by its chairman and based in New Delhi, has invited bids for the rehabilitation and upgradation project of NH 548D (Old SH 56) in Maharashtra.** The project involves the stretch from Manjarsumbha (Design Km 137+300/ Existing Km 45+877 of Old SH56) to Chumbhali Phata (Design Km 169+467/ Existing Km 13+689 of Old SH56). It aims to convert the road to a two-lane with paved shoulder configuration. The project will be executed through an Engineering Procurement and Construction (EPC) contract.

- **The Government of India assigned the project of upgradation of NH-3531 in Maharashtra to the Authority. The project involves converting the section from Wadi Junction (Existing km. 9+200) to Asola Junction (Existing km. 39+400) into a two-lane road with paved shoulders.** The project length is 39.70 km and will be implemented on an Engineering Procurement and Construction (EPC) mode.

As an Assistant General Manager - Project Coordinator for the construction project key responsibilities:

- **Project Planning:** Collaborate with the General Manager and project team to develop a comprehensive project plan, outlining key milestones, activities, and deliverables specific to the widening project.
- **Coordination and Communication:** Facilitate effective communication channels between the project team, subcontractors and government authorities to ensure smooth execution of the project.
- **Schedule Management:** Assist in creating and maintaining a detailed project schedule, monitoring progress, and making necessary adjustments to ensure timely completion.
- **Budget Management:** Support the General Manager in budget planning, tracking expenses, and managing costs throughout the project lifecycle.
- **Resource Allocation:** Coordinate the allocation of resources including personnel, equipment, and materials required for the project, in coordination with the project team and procurement department.
- **Quality Assurance:** Collaborate with the quality control team to ensure that construction activities comply with the defined quality standards and specifications.
- **Documentation and Reporting:** Maintain accurate project documentation, including project plans, progress reports, change orders, and other relevant records. Prepare regular project status reports for management, highlighting key achievements, challenges, and deviations from the plan.
- **Bills Preparation & Submission to Department**: Accurately prepare and submit IPC bills, following the designated billing process, and ensure timely submission to the relevant department, complying with their procedures and requirements.
- **Contract Management**: Effectively manage contracts by overseeing negotiations, drafting agreements, and ensuring compliance with legal and regulatory requirements. Develop and maintain strong relationships with clients and vendors to drive successful outcomes.

During my past working experience, I have gone through the following's fields:

Structures & Roads Department

- Structure & Roads Detailed Drawings Studying and assisting the GFC Drawings Preparation.
- Identifying the Highway construction materials and getting the permission for concern departments.
- Design & analysis of Highway construction materials.
- Planning & scheduling of the Project, monthly Project Required Quantities, material, machinery and manpower detailed scheduling and Bar charts Preparation.
- Monthly Material Reconciliation and Sub Contractor Bills Preparation.
- Field Tests conducting Highway As per RFP contract agreement Specifications and Maintained Site Records
- Monitoring Engineers, Safety team, Survey team, QC Lab Team, sub contractors and manage materials, machinery and manpower.
- Daily interacting with President & Department discussing with them progress, site problems and taking to the remedy solutions for improvement of progress.

Planning/Quantity Survey/Quality Assurance Department

- Preparation of Interim Payment Application/Certificate
- Preparation of Estimates for each item involved in Roads and Bridges construction
- Analysis of Rate for BOQ items and Variation orders
- Liaising with clients and consultants
- Preparation of Variation Orders
- Monitoring of work done and identification of extra items involved.
- Monthly Preparing Project GFC Drawings, Bill of Quantities and Approval to the Consultant Representatives.
- Preparation of Mechanical and civil Sub contractor's Bills
- Planning the weekly targets of works.
- Preparation of monthly plans of works as per the target.
- Checking of Cross sections, Structural drawings as per Detailed Project report/Tender Drawings.
- Analyzing the day to day activates as per the site reports
- Monitoring, Controlling and raising of RFI's
- Preparation of cash inflow outflow statement every month based on the project program.
- Planning of construction materials their source identification and Reconciliation for major
- Construction materials, evaluation of resource requirement & their deployment
- Conducting review meetings at weekly and analyzing the progress of works
- Assist in Monitor and implementation of MIS like ERP (Enterprises Resources & Planning) etc.

Employment Record

Madhucon Projects Ltd.

Assistant General Manager - Project coordinator (HO) (May 2022 To Till Date)

STUP CONSULTANTS PVT LTD.

Senior Bridge Engineer cum Project Manager (Mar 2021 TO May 2022)

Employee: GHMC, Hyderabad.

Contractor: M. Venkata Rao Infra Projects Pvt. Ltd.

Project: Construction of 6 Lane Two-way Flyover crossing 7 Tombs Junction (Shaikpet), Film Nagar Road Junction OU Colony Junction and Whisper valley junction under Engineering Procurement and Construction (EPC)/ Turnkey Basis.

VASISHTA CONSTRUCTIONS PVT LTD.

Project Manager (Jan 2012 TO June 2020)

Employee: PWD, Uttarakhand.

Consultant: Technical Consultancy Services

Project: Construction of 360 Span RCC Prestressed Bridge over Kosi River in Ramnagar on PPP mode BOT Annuity basis, Uttarakhand.

GRAFIX ENGINEERING CONSULTANTS PVT.LTD.

Quantity Surveyor (Aug 2011 TO Jan 2012)

Estimation of quantities & Rate Analysis for working out realistic project cost.

KMC CONSTRUCTIONS LTD.

Asst. Project Manager (Structures & Planning/QA/QC) (Dec 2010 TO Aug 2011)

Employee: National Highway of Authority of India

Consultant: Roughton – Aarvee (JV)

Project: Development of Adequate Road Connectivity to Mormugao Port, Goa Project Detail: Four 4 Laning of NH-17B from Km. 13.100 to Km. 18.300 and 4 laning of Baina Road at Ravindra bhavan junction from Km 1.240 to Km 1.020 including construction of flyover cum ROB up to Gate No. 9 (Km 0.000) of Mormugao Port, Goa.

CONTINENTAL ENGINEERING CORPORATION PVT. LTD

Sr.Engineer (Structures) (Feb 2010 TO April 2010)

Employee: Hyderabad Growth Corridor Limited (A joint venture of HUDA and INCAP)

Consultant: AARVE Associates.

Project: Construction of eight lane access controlled Express Way as Outer Ring Road to Hyderabad city including one Fly Over and a Major Bridge of 122m length.

M/S B. SEENAIAH & CO (PROJECTS) LTD

Sr.Engineer (Structures) (Feb 2009 TO May 2009)

Employee: Naya Raipur Development Authority.Chattisgarh.

Consultant: Sheladia Associates Inc., in association with VAX Consultants Pvt. Ltd.

Project: Construction of New Four Lane Roads (Road Nos 1, 3, 4, 5, 6, 8 & 9B) (Road Nos 2, 7, 9A, 10, 11, 12) 63km in Naya Raipur Development Area, Chattisgarh.Package No: NRDA-PHASE-1/P1 & P2.

Sr.Engineer (Structures) (Feb 2005 TO January 2009)

Employee: State highway Tamilnadu on ADB Funded

Consultant: Lasa Pvt Ltd.

Project: TNRSP-01- upgrading of roads from Vriddhachalam to Tiruvarur, Tiruvarur Bypass, Jayankondam to Kumbakonam, Jayankondam to Ariyalur and Ariyalur Bypass.

Site Engineer (QA/QC Documentation) (Sep 2004 to Feb 2005)

Employee: National Highways authority of India (on BOT basis)

Consultant: Lasa Pvt Ltd

Project: Contract package express way from Km 313+500 to 364+700 at NH-8 (Jaipur-Kishangarh section in Rajasthan)

Site Engineer (Structures) (Jan 2002 to Aug 2004)

Employee: National Highways authority of India (on BOQ basis).

Consultant: SNC-Lavalin international associated with Sheladia Associate & Consultant (India) Pvt Ltd.

Project: Project (KU-4) contract package four laning & Strengthening.Km 0 to 23 of Bhilwara by pass & from Km 137.500 to Km 183.000 of NH-79 (Bhilwara-Chittorgahr section in Rajasthan).

Roads & Buildings (ECRP) Department.Tirupati

Jr. Engineer (Highways) (May 2001 to Dec 2001)

BACHALA BALAIAH COMPANY

Jr. Engineer (Highways) (April 1999 to April 2001)

Employee: Roads & Buildings (ECRP) Department.

Project: Widening & Strengthening of Palamaner to Krishnagiri road 0.000 to 20.000 km.

Personal Particulars

- Fluent in Telugu, English, and Hindi.
- **Current address:** Flat no 401, Dhanvee Meadows, road no 04, Alkapur Township, Neknampur, Manikonda, Hyderabad, Telangana – 500089
- **Marital Status:** Married.
- **Last Drawn CTC:** 19.20 Lakhs.
